

## BELVEDERE CLUB 2019 ARCHITECTURAL INVENTORY

**Site:** 11

**Historic Name** Exedra

**Year Built** 1892

**Architectural Style** Queen Anne

The full front, two story porch and gable front are indicative of the Queen Anne style. In comparing the existing house with the 1904 photo it appears that the gable decoration, porch posts and railings do not match the original. These features could have been added historically. The window openings on the second floor have been shortened.

### **Significant Features**

- Decoration/vergeboards in the gable front and in the gable front dormers, it does not exactly match the original but could have been added historically.
- Shingle siding, some window trim
- Possibly the decorative treatment on the porch posts and fascia, this does not appear to be original but may have been added historically.

### **Condition**

The cottage is in good repair no issues are apparent.
