

BELVEDERE CLUB 2019 ARCHITECTURAL INVENTORY

Site: 226

Historic Name N/A

Year Built c. 1890

Architectural Style Queen Anne

The vertical board and batten siding, two-story massing with front gable roof and cross gable; and the carved decoration and spindle work in the gable ends are all indicative of the Queen Anne style. The wrap-around front porch with square posts and carved brackets are also characteristics of the style, though the extended porch was added within the last 20 years. Although not original the two-over-two windows are typical for the era.

Significant Features

- Front gable roof with cross gables at the side. Carved decoration and spindle work in gable ends.
- Vertical board and batten siding.
- Wrap around front porch with square posts and carved brackets.

Condition

The cottage appears to be in good repair with no apparent issues.
